INVITATION

Celebrate World Wetland Day with us at
Matuku Link.

With walks, stalls, food, wetland info,
drone demos and a chance to see this
reserve for the first time since it was
bought in November, with help from
many of you. Discover what it is and how
it could be.

And if you're very lucky you might spot a
spotless crane, peer at a pateke or
admire a matuku (bittern)!
